Alzheimer's disease (AD), also referred to simply as Alzheimer's, is a chronic neurodegenerative disease that usually starts slowly and worsens over time. It is the cause of 60–70% of cases of dementia. The most common early symptom is difficulty in remembering recent events (short-term memory loss). As the disease advances, symptoms can include problems with language, disorientation ...

### **Alzheimer's disease - Wikipedia**

Alzheimer's disease is the only top 10 cause of death in the United States that cannot be prevented, cured or even slowed. Alzheimer's disease is the sixth-leading cause of death in the United States, and the fifth-leading cause of death among those age 65 and older.

Influences and training. During his childhood and early adolescence in Edmonton, Benoit idolized Tom "Dynamite Kid" Billington and Bret Hart; at 12 years old, he attended a local wrestling event at which the two performers "stood out above everyone else". Benoit trained to become a professional wrestler in the Hart family "Dungeon", receiving education from family patriarch Stu Hart.
