American Math Forum (AMF) A private activity promoting informed thought and action in American P-12 mathematics education reform and advocacy. AMF serves as a platform for distribution of local and national news and information, discussion and networking to support a broad range of activities in K-12 mathematics advocacy and reform at the local, state and national levels.

NYC HOLD National on Mathematics Education Reform

The theory of justification is a part of epistemology that attempts to understand the justification of propositions and beliefs. Epistemologists are concerned with various epistemic features of belief, which include the ideas of justification, warrant, rationality, and probability. Loosely speaking, justification is the reason that someone (properly) holds a belief.
