Permalink. A new Economics can only be possible with a new social ontology (in contrast to the construct of the homo economicus), and a new epistemological foundation (methodological individualism), logical positivism.

The new reformation: 33 theses for an economics reformation

Yes, it will. The sum of normal distributions is a normal distribution. There are of course reasons to expect an asymmetrical bell curve (the simple way to hack funnel plots is to game your choice of axis – here, for example, focusing on the elasticity of labour demand favours certain labour market models above others).
